# PROBLEM STATEMENT

TOURISM AND CITY EXPLORATION: DESIGN A WEBSITE OR MOBILE APP USING HERE LOCATION SERVICES AND MOBILE SDKS THAT OFFERS GUIDED TOURS, HISTORICAL INFORMATION, AND INTERACTIVE MAPS FOR TOURISTS EXPLORING A CITY.

OUR USP

AR - MODEL

AR applications can enhance tourism experiences by providing interactive guides, interactive maps, historical information of landmarks and monuments. This allows tourists to engage more deeply with the history and culture of a destination

ONLINE - GUIDE

An online guide that provides information, instructions, or assistance serves as a comprehensive reference tool that users can access on our website via internet-enabled devices.

NEAR - BY

This feature that allows users to find nearby resources using a map that can significantly enhance the user experience by offering convenience and help in saving time. It empowers users to take control of their experiences.

CHAT BOT

Chatbots provide round-the-clock support, allowing users to get assistance or information at any time of the day, even outside of regular business hours. This ensures that users can receive immediate responses to their inquiries, leading to improved customer satisfaction

COMMUNITY

Creating a vibrant online community of travelers on the website, fostering connections, sharing experiences, and exchanging valuable insights to enrich each member's journey.
